## SUMMARY

As a seasoned IT professional with a proven track record in ETL and SQL, and a successful career as a Data Analyst, I am driven to find a challenging role in the dynamic realm of Data Analytics/Engineering. My passion for leveraging data to extract valuable insights and support strategic decision-making has been the cornerstone of my work. I am enthusiastic about aligning myself with a company that shares my commitment to excellence and innovation, where I can continually expand my skill set and contribute to meaningful projects that drive the company's growth and success. With a keen eye for detail and a strong analytical mindset, I am eager to collaborate with cross-functional teams and help implement cutting-edge data solutions that optimize processes and enhance business outcomes. My dedication to continuous learning and adaptability enables me to thrive in fast-paced environments and overcome complex challenges, making me an asset to any data-driven organization.

## AREA OF EXPERTISES

• Data Transformation	Database Design and Schema	Data Analysis
• Database Troubleshooting	ETL (Extract, Transform, Load)	Data Visualization
• Data warehousing	Data Extraction	Data Integration

## EXPERIENCE

### Data Analyst | Team Lead

Pro Plus Data April 2023 – Present, On-site

- **Team Leadership and Collaboration:** Led and mentored teams of 12 researchers and 2 analysts, ensuring high-quality deliverables through effective task scheduling and collaboration with business stakeholders to meet data requirements.
- **Data Management and Integration:** Designed, implemented, and optimized data storage systems and pipelines, including MongoDB and ETL processes, ensuring data quality, accuracy, and seamless integration with business needs. Proactively implemented data quality checks and error-handling mechanisms to maintain over 95% data accuracy.
- **Data Analysis and Insights Generation:** Conducted predictive and prescriptive analyses to identify trends, customer intent, and business opportunities, delivering actionable insights and supporting strategic decision-making.
- **Data Visualization and Reporting:** Developed interactive dashboards and reports using Power BI, Amazon QuickSight, and DAX, leveraging Power Query for data transformation and ensuring data accuracy. Enhanced client decision-making with data visualizations that contributed to a **20% increase in revenue** and improved reporting efficiency by 30%.
- **Process Optimization and Innovation:** Optimized ETL workflows, explored emerging data technologies, and streamlined data pipelines to improve efficiency, performance, and reliability by up to 25%.
- **Client Impact and Knowledge Sharing:** Strengthened client decision-making by transforming complex data into visually compelling stories while fostering team knowledge sharing and providing training on Power BI, DAX, and advanced data analysis tools.

#### Key Skills :

- **Data Analysis:** Proficient in statistical analysis, data modeling, and data warehousing.
- **Business Intelligence Tools:** Experienced with Power BI, Amazon QuickSight.
- **Data Integration:** Skilled in ETL processes, data pipeline development, and data quality assurance.
- **Programming Languages:** Knowledgeable in SQL, Python, and R.
- **Cloud Platforms:** Familiar with AWS services, including data storage and analytics tools.
- **Communication and Collaboration:** Strong interpersonal skills with experience in team leadership and stakeholder engagement.

### Simulation Engineer

Robtech Automation & Services December 2020 – April 2022, On-Site

- **Work :** BIW Simulation, Robotics Automation, Project Lead.
- **Skills :** Siemens Process Simulate, AutoCAD.

### Intern

Shree Sales & Services August 2019 – December 2019, Pune

- Client Interaction.
- Supply Chain Management, Service Maintenance.

### Intern

Vibro Automation Center December 2017 – June 2018, Pune

- Mechanical Design, Autocad, Catia, New product design

## PROJECTS

---

### Appex Bike Shop Sales Dashboard

[tinyurl.com/5rc7sbx7](https://tinyurl.com/5rc7sbx7)

- **Enhanced Sales Performance Tracking:** Monitors trends across timeframes (daily, weekly, monthly) and integrates real-time updates to enable proactive strategies and improve decision-making agility.
  - **Customer and Market Insights:** Leverages customer segmentation, geospatial visualization, and trend analysis to optimize marketing strategies, identify high-traffic areas, and forecast demand accurately.
  - **Profitability and Strategic Planning:** Focuses on detailed profitability analysis, including product margins and revenue streams, to optimize business decisions and operational efficiency.
- 

## EDUCATION

---

### Bachelor of Engineering

Indira college of engineering and management • Pune • 2020

---

## CERTIFICATIONS

---

### Microsoft Certified : Power BI Data Analyst Associate (PL-300)

#### Data Analyst Skillpath

Udemy • 2023

#### Java Fullstack Development Course

JSpiders - Training & Development Center • 2023

#### The Complete SQL Bootcamp

Udemy • 2021

---

## SKILLS

---

**Languages :** English, Hindi, Marathi

DAX, Power Query, Power BI, AWS QUICKSIGHT, Oracle, MySQL, PostgreSQL, MongoDB, Jupyter Notebook, Python, Tableau, PLSQL, DWH, Microsoft Office Excel, PowerPoint Word, JAVA
